

## General Assembly Report – Seniors

As your Delegate, I am committed to protecting older Virginians from fraud, increasing your access to healthcare and the medicine you need, and making college more affordable for our children and grandchildren. As this session wraps up, I wanted to provide an update on the issues important to you.

I continue to oppose Obamacare's Medicaid expansion, which is funded by \$716 billion in cuts to Medicare Advantage. These Medicare cuts will have a drastic impact on those who rely or will soon rely on Medicare. Seniors will lose access to doctors, hospitals, healthcare plans and see drastic benefit cuts due to Obamacare. Some experts say that as many as 15 percent of hospitals and nursing homes will stop accepting Medicare patients in the next 10 years.

I am also fighting to make sure that our children and grandchildren have the same opportunity to succeed as we did. The House of Delegates is working to make college more affordable by capping student athletic fees, giving colleges additional administrative flexibility to cut costs, and incentivizing the creation of affordable degree programs in high-demand fields.
